Subdivision and Land Development

Selvaggio – Proposed Zoning Map Amendment – Present were Cliff Johnston, Stephen Selvaggio, David Bray, and Stanley Margle.

Mr. Johnston presented two plans; one of which extends Lonat Drive to Daniels Road and the other extends Gremer Road to Lonat Drive. The Gremer Road extension would cross through a neighboring property; however they have spoken with him and he is not opposed to this idea.

Mr. Johnston discussed numerous advantages to this development; both tangible and intangible. He listed items such as improved traffic flow, improvements to water, sewer and gas lines, increased tax revenue, new jobs, and convenient shopping for the proposed development by Ashley Development.

Mr. Kucsan inquired about the differences between plan 1 and plan 2. He thought plan 2 may have too many twists and turns. Mr. Tenges commented that was by design in order to slow the traffic flow. In addition, plan 2 creates a four-way intersection at Gremer and Daniels Road.

Mr. Pennington asked about the developer's timeline and if they had any commitments from tenants. He was concerned about the economy and about receiving the necessary financing. Mr. Johnston stated they have some interested parties and would like to move quickly.

Mr. Pennington was concerned how well Route 191 and Route 946 could handle the potential volume with just two travel lanes. Mr. Bray stated that PADOT may require turn lanes. Mr. Pennington also commented that the traffic impacts are much wider than the immediate intersections mentioned by Mr. Johnston

Mr. Tenges thought the Board should digest the information presented to them and take action at a future meeting and at that time they can decide how to memorialize their decision.

Mr. Margle said, in order to save time, they would run the hearing and land development process concurrently. He stated that as soon as they know the Board is interested in this proposal, they will begin the process.

Supervisors' Comments

Mr. Boucher attended the Hecktown Volunteer Fire Company meeting. The new rescue pumper will be arriving in mid-April. Mr. Boucher reported that the Hecktown Volunteer Ambulance Corps meeting was cancelled due to bad weather.

Mr. Kucsan, Mr. Pennington, Mr. Nagle, and Mr. Johnson had no comments.

In order to purge files we need to adopt a resolution accepting the retention schedule in the Records Retention Manual. Then, once sorted, the files will need to be listed in a resolution and approved prior to being destroyed. A motion was moved by Mr. Johnson and was seconded by Mr. Boucher to approve resolution #LNT-08-10. The motion carried.
