Correspondence

There were no items to discuss under Correspondence.

Subdivision and Land Development

<u>Fast Lane Towing – Zoning Appeal Fee Waiver Request</u> – Attorney Margle briefed the Board on the history of Fast Lane towing, including their Zoning Appeal. Attorney Margle stated that in order to be placed on the October Zoning Hearing Board agenda they had to pay the \$1,000.00 application fee; which is to be refunded if the board votes to waive the fee.

Solicitor Asteak believed that the Board waived the fee at the May 25th meeting.

Mrs. Seese stated that the Zoning Hearing Board (ZHB) believes that the applicant is requesting more than an interpretation; they actually need a variance.

Board of Supervisors Minutes September 28, 2011 Attorney Margle stated they are simply asking for an interpretation.

Solicitor Asteak replied that if it is an interpretation then it is just a continuation of the original hearing. If, the ZHB decides they need a variance, they can apply and pay the fee.

A motion was moved by Mr. Boucher and was seconded by Mr. Kucsan to waive the appeal application fee. The motion carried.

Supervisors' Comments

Mr. Kucsan & Mr. Boucher had no comments.

Mr. Pennington reported that he attended the CRPC meeting on Monday evening and the COG meeting on Tuesday evening. He also reported that the County has a Household Hazardous Waste event on October 8th.

Mr. Nagle reported that he attended the CRPC meeting. They got a second look at the 2012 budget. They also accepted Officer Benner's resignation, hired a new officer, and talked about replacing Rex, the K-9 dog, as he is getting up in years.

Mr. Nagle also stated he had received emails from residents and inquired about the status of the projects on Christian Springs Road.

Mr. Tenges reported that there were several incorrect statements in a recent newspaper article and wanted to set the record straight. He reported that the Township watered the road, which cut down on dust, for a month. At that point, the Township began a major road project on Hanoverville Road and relied on the Authority to do the watering.

Mr. Tenges also discussed issues with the article in regards to grading, road paving, and drainage improvements.

Roy White, Manager of Easton Suburban Water Authority (ESWA), spoke about the work they completed on Christian Springs and James Drive. He stated that it typically is their practice to notify residents when they plan to do a project. However, in this case, they didn't intend to work on James Drive until they got out in the field. Mr. White apologized for any inconvenience.

Mr. Kortze reported on the dumping on and grading of Lot 1. A survey crew was sent out to ensure that it was returned to its original grade. Mr. Tenges noted that he verbally abused the contractor over the dumping on this lot. The lot has always been and will be always be wet. The only way to develop this lot is to submit a wetlands study and grading plan.

Carlton Glantz, 4359 Christian Springs Road, commented on the lack of communication and wants proof of the watering that the Township claimed took place. He stated that he has videos of the poor conditions. Mr. Tenges reported that the Township has a log of the dates watering took place.

Dave Goerlich, 4342 Christian Springs Road, inquired who is responsible for the Christian Springs Road Sewer Extension. Mr. Tenges and Solicitor Asteak answered, Nazareth Borough Municipal Authority. Mr. Goerlich reported poor conditions. Both Mr. Tenges and Solicitor Asteak stated that the Township was aware of the conditions but unfortunately this happens when work is done. Solicitor Asteak stated that projects take time and if you want it done right you just need to be patient.

Robert Rutan, 4288 Christian Springs Road, started off by expressing his displeasure at the Board's lack of response to his son's letter inviting them to his Eagle Scout event.

He complained about the drainage on Christian Springs Road and was upset that his driveway repeatedly floods. Mr. Rutan would like to see a plan to show where the water is going to go when the Township improves the drainage.

Mr. Kortze discussed drainage and the flood plains along Christian Springs Road.

Joseph Calantoni, 4294 Christian Springs Road, was also concerned about flooding on his property.

Mike Cunningham, 4315 Christian Springs Road, says he has a pond in his front yard.

Chris Sandone, 4358 King George Drive, inquired if stormwater from Christian Springs Road could be into the storm drainage system near his driveway. Mr. Kortze stated that would not be possible because the elevation change is too great.

Ted Pastula, 739 James Drive, had concern over the ponding at the bus stop located at Christian Springs Road and James Drive. Mr. Tenges stated that they would look into that situation as well.

Dave Rassmussen, 4348 Christian Springs Road, complained about water flowing into his front yard, ruining his landscaping and muddying his driveway.

Kim Goerlich, 4342 Christian Springs Road, still had questions on grading and didn't understand why there wasn't a better drawing to depict where the water would flow. Mr. Tenges commented that you don't always need a drawing. There are existing drawings and they take shots out in the field.

Manager's Report

<u>2012 Minimum Municipal Obligation (MMO)</u> – A motion was moved by Mr. Pennington and was seconded by Mr. Kucsan to approve the 2012 MMO. The motion carried.

<u>Public Works Equipment Purchase – Snowplow</u> – Mr. Tenges briefed the Board on his intent to purchase a new snow plow for the new piece of equipment that was previously approved for purchase. The plow will be purchased through U.S. Municipal, using COSTARS pricing. A motion was moved by Mr. Boucher and was seconded by Mr. Pennington to approve the purchase of this snow plow. The motion carried.

<u>Time Extension Report</u> – Mr. Tenges presented the time extension report. It included an extension granted to Mocha Abe through October 31, 2012 and to the Fields at Trio Farms through November 30, 2011.

Fall Clean-up Day – Mr. Tenges reported that Clean-Up Day will be Saturday October 15, 2011 from 7:00 AM to 1:00 PM. The rates are the same as last year.

<u>COG Meeting</u> – Mr. Tenges reported that he attended the COG meeting along with Mr. Pennington. At the meeting, Mr. Tenges was appointed to the Gaming Authority. He had been recommended by the COG for this appointment.

Re-lamping of Municipal Building – Mr. Tenges reported that all of the lighting in the Municipal Building was replaced, with more energy efficient lights, at a cost of \$5,351.80. We received a grant/refund from PPL in the amount of \$2,800.00. With an estimated annual savings of \$2,500.00, the balance would be recouped within a year. Moving forward the township will be saving \$2,500 a year!

Nazareth Speedway Property — The easement agreement was originally transmitted to International Speedway Corporation (ISC) on July 20, 2011. A follow-up letter was sent on August 8, 2011. To date, we have not received the agreement or any response from ISC. Therefore, Mr. Tenges requested the Board authorize Solicitor Asteak to begin the process of eminent domain. Also he requested, the board authorize an appraisal be completed on that property. A motion was moved by Mr. Pennington and was seconded by Mr. Boucher to authorize Solicitor

Asteak to begin the process. The motion carried. A motion was moved by Mr. Pennington and was seconded by Mr. Boucher to have the property appraised. The motion carried.

<u>Christian Springs Road</u> – Mr. Tenges thanked the staff for their support this past month. He also thanked the Board for their support and trust. Mr. Tenges stated that Mr. Kortze is a great resource in decision making.

Mr. Nagle commented that he feels the residents' frustration came from the lack of understanding and lack of communication. He suggested, for the future, forums/meetings for residents. Mr. Tenges stated that he felt his letter to the residents was thorough.

Mr. Pennington added that maybe the Township could provide updates every few months and utilize the website. Mr. Tenges responded that we are already using the website to provide information to our residents.

Claude Beck, 4256 Christian Springs Road, said he overheard that Tom Itterly told residents that he talked to Mr. Tenges about running a line but that Mr. Tenges said it would be too costly. Mr. Tenges reported that was untrue.

Engineer's Report

<u>Eastgate / Seville Homes – Final Inspection / Escrow Release</u> – Mr. Kortze reviewed his letter dated September 28, 2011 and recommended the release of the balance of the monies held in escrow for this project. A motion was moved by Mr. Kucsan and was seconded by Mr. Boucher to release the remaining escrow money. The motion carried.

Solicitor's Report

<u>Sheka Masonry Mailbox Agreement</u> – A motion was moved by Mr. Pennington and was seconded by Mr. Boucher to approve this agreement. The motion carried.

Solicitor Asteak reminded the Board that the TCC Ordinance will be on the October 12th agenda.

Stan Brzoska, 4352 Madison Drive, and Warner Jones, 4255 Madison Drive, approached the Board for help with a recurring sinkhole issue within a detention pond that spans their properties.

Mr. Brzoska reported that he is currently fixing a 2nd sinkhole. He feels it should not be his responsibility because this detention pond services the whole neighborhood. This pond covers 3 acres of land and spans 3 properties. Mr. Brzoska also feels that it is not working properly.

Solicitor Asteak attempted to explain the responsibility of the pond.

Mr. Jones stated that they would like the water routed elsewhere.

Board of Supervisors Minutes September 28, 2011 Mr. Kortze attempted to explain the development and stormwater drainage.

Mr. Brzoska became very upset.

Solicitor Asteak stated that every property in this area is subject to sinkholes; it is just the way it is.

There was a lengthy discussion.

Mr. Kortze reported that the pond was approved in 1985 according to the rules in place at that time. There are new rules in place. The property owner can hire an engineer to investigate and possibly improve the performance of the pond; but it would all be at the owner's expense.

Jerry Green, 3954 Mikol Lane, suggested that Mr. Tenges and Mr. Kortze take down the residents' names and address their issues. Also to use the website to keep residents informed.

Adjournment

A motion was moved by Mr. Pennington and seconded by Mr. Boucher to adjourn the meeting at 8:50PM.

Respectfully submitted by,

Tammi Dravecz
