Contractor is self-employed and has no employees. As contractor, I will perform all work required in connection with this permit myself. I have no employees and will use no subcontractors. I understand that I am prohibited by law from employing any individual to perform work under the permit issued in connection herewith, unless I provide proof of insurance to Lower Nazareth Township. After receipt of the permit, if I employ any other persons, I agree to notify Lower Nazareth Township and immediately provide proof of workers compensation coverage (NOTARY REQUIRED).

Contractor is self-employed and uses subcontractors. I have no employees and will use only subcontractors in performing the work under the permit issued in connection herewith. Prior to commencement of the work I have been provided with evidence or workers' compensation insurance coverage for each subcontractor I will use in performing the work. Alternately, I have been provided with evidence that non-covered subcontractors have no employees and I will not allow them to use employees on the job unless further evidence or worker's compensation coverage is provided to me **(NOTARY REQUIRED)**.

Religious Exemption. All of my employees who will perform work under the permit issued in connection herewith are exempt on religious grounds under Section 304.2 of the Worker's Compensation Act. By way of further explanation, I state the following: _____ **(NOTARY REQUIRED)**

I agree that my failure to comply with the matters set forth in this Affidavit will result in a STOP WORK ORDER and it may not be lifted until proper Worker's Compensation coverage is obtained, or until further proof or exemption is submitted. I further agree that should any required Worker's Compensation coverage terminate during the progress of the work, that I will immediately notify Lower Nazareth Township and understand a STOP WORK ORDER will be issued until coverage is reinstated. My signature on this form constitutes my verification that the statements contained here are true, and that I am subject to the penalty of 18 Pa. SWIMMING POOL, HOUSEHOLD

Excerpted from the *2001 Lower Nazareth Township Zoning Ordinance, Article XV, ADDITIONAL REQUIREMENTS FOR SPECIFIC USES, Section 1503, Additional Requirements for Accessory Uses*

Section 1503.F.20., Swimming Pool, Household. (referred hereafter as "pool")

- a. A building permit shall be required to locate or construct a noncommercial swimming pool.
- b. The pool shall not involve any commercial use.
- c. Enclosure Around In-Ground Pools. A new or existing in-ground pool shall be completely surrounded by a secure fence, wall, portion of a building and/or similar enclosure not less than 4 feet in height above the surrounding the existing ground level. This enclosure shall be constructed to make it impenetrable for small children to climb up or slip through the enclosure. All gates or door openings through such enclosure (other than a door to a building) shall be self-closing and include a self-latching device on the pool side for keeping the gate or door securely closed times when not in use.
- d. Enclosure Around Above Ground Pool. Any existing or new above ground pool shall include a secure fence, wall or other enclosure a minimum of 4 feet high above the surrounding ground level. This enclosure may include the walls of the pool itself. Such pools shall be equipped with an access ladder that can be raised and locked in a position so that it is a minimum of 4 feet above the surrounding ground level or otherwise completely inaccessible to children when the pool is unattended. All decks attached to an above ground pool shall be required to be 4' in height above the existing ground level and shall have a ladder that can be raised and locked in a position so that it is a minimum of 4 feet above the surrounding ground level or otherwise completely inaccessible to children when the pool is unattended.
- e. Location. A pool and any deck or shelter that is elevated above the surrounding ground level shall meet the applicable setback requirement for an accessory building. Patios around pools that are level with the average surrounding ground level are not required to meet setbacks. Where practical, a pool shall be located to the rear of a dwelling. A pool is not permitted within a required front yard. The water surface of a pool shall be setback a minimum of 15 feet from all lot lines and shall not be located under or within 20 feet of overhead electrical lines or over a water or sewer easement or within 10 feet of a septic tank or primary or alternate septic drain field.
- f. Drainage. A proper method shall be provided for drainage of the water from the pool that will not overload or flood any: a) on-lot septic system or b) portion of a building or property not owned by the owner of the pool. A pool shall not be located so as to interfere with the operation of a well or on-lot septic system.
- g. The Township may establish an inspection fee to assure compliance with this Ordinance and shall require that the applicant call for a final inspection of the pool by the Township

prior to use. The Township does not assume responsibility for guaranteeing to the public that all new and existing pools fully comply with these provisions.

- h. Water Service. Any inlet from a central water system shall be above the overflow level of the pool. If the water for a pool is supplied by a private water system, there shall be no crossed connection with the central water system.
- i. Nuisances. A pool shall not include illumination of adjacent residential properties beyond what is customary in a residential neighborhood. A pool shall also not include the playing of a radio or recorded music at a volume louder than is necessary for the convenient hearing of persons at the pool.
- j. All in-ground pools must comply with the current Township Building Code ordinance as amended for construction of the pool.

ARTICLE II, DEFINITION

Swimming Pool, Private. A man-made area with walls of man-made materials intended to enclose water at least 48 inches deep for bathing or swimming and that is intended to serve the residents of only 1 dwelling unit and their occasional guests.

Note: Any swimming pool with at least 24” inches of water shall comply with the PA Uniform Construction Code, and therefore all permitting requirements of Lower Nazareth Township.

FENCES AND WALLS

Excerpted from the *2001 Lower Nazareth Township Zoning Ordinance, Article XV, ADDITIONAL REQUIREMENTS FOR SPECIFIC USES, Section 1503.F.5, Additional Requirements for Accessory Uses, Fences and Walls*

5. Fences and Walls.

- a. Unless otherwise stated, these uses shall be allowed in all Districts.
- b. Sight Distance. No fence or wall shall obstruct the sight distance requirements of Section 1404.C., nor obstruct safe sight distance within an alley.
- c. Fences
 - (1) Any fence located in the front yard of a use in the residential districts shall have a minimum ratio of 3:1 of open to structural areas, shall not exceed 5 feet in height and shall be constructed entirely of wood (and any required fasteners).
 - (2) Fences shall not be required to comply with the rear and side yard setbacks for accessory structures, unless the fence would abut a public street.
 - (3) A fence located in a residential district in a location other than a front yard shall have a maximum height of 6 feet. This restriction shall not apply to a fence of up to 10 feet which may be used to enclose a tennis or racquet sport court provided that such fence is not within a required setback area for an accessory structure.
 - (4) A fence shall not be required to comply with accessory structure setbacks, except that no fence shall be built within 10 feet of the future right-of-way line of a street and a fence in a residential district shall be setback from the property line the following distances:
 - i. Single Family Dwelling – 1.5 feet
 - ii. Townhouses, common side lot line – no setback
Townhouses, other side yard – 1.5 feet
 - iii. Semi-detached dwellings, common side lot line – no setback
Semi-detached dwellings, other side yard – 1.5 feet
 - (5) No fence shall be located within the paved area setback required under Section 1703.
 - (6) Any fence that has one side that is smoother and/or more finished than a second side shall place that smoother and/or more finished side so that it faces away from the area that is enclosed.

- (7) No fence shall be located in an access, drainage or utility easement unless approved by the Board of Supervisors. The permittee must agree to be responsible for all legal costs incurred by the creation and approval of an Easement Agreement with the Township and recorded in the Office for the Recording of Deeds in and for Northampton County, if approved.
 - (8) No part of this Ordinance shall prohibit a developer from establishing Deed restrictions or homeowner association regulations that further restrict the height, location and material of fences in addition to those set forth herein.
- d. Walls -
- (1) Engineering retaining walls necessary to hold back slopes are exempted from setback regulations and the regulations of this section and are permitted by right as needed in all Districts.
 - (2) No wall shall be located in the required front yard in a residential district, except as a backing for a permitted sign at an entrance to a development and except for a decorative wall with a maximum height of 3 feet.
 - (3) A wall in a residential district shall have a maximum height of 1 foot for every 2 feet if it is setback from a lot line, up to a maximum height of 6 feet.
 - (4) Walls that are attached to a building shall be regulated as a part of that building, and the regulations of this Section shall not apply.
- e. Gates. All fences, walls or continuous hedges more than 4 feet in height shall be equipped with gates or other suitable passageways at intervals of not more than 250 feet.

Article II, DEFINITIONS

Fence. A man-made barrier placed or arranged as a line of demarcation, an enclosure or a visual barrier and that is constructed of wood, chain-link metal or aluminum and/or plastic inserts. Man-made barriers constructed principally of brick, concrete, cinder block or similar materials shall be considered "walls." The term "wall" does not include engineering retaining walls, which are permitted uses as needed in all Districts. The terms "fence" and "wall" do not include barriers of trees or shrubs. Fences shall not contain materials such as barbed wire or have potentially dangerous features such as spikes.

Wall. See "Fence".

GRADING PLAN REQUIREMENTS

Excerpted from the 2005 Lower Nazareth Township Subdivision and Land Development Ordinance, *Article 5, FINAL PLAN SUBMISSION PROCEDURES AND REQUIREMENTS, Section 533, Final Plan Requirements*

533 The following additional data shall be illustrated on the Final Plan.

- 533.1 The latest source of title to the land, as shown by the deed, page number, and book of the Northampton County Recorder of Deeds.
- 533.2 The total tract boundary lines of the area being subdivided, with accurate distances to hundredth of a foot and bearings to the nearest second. These boundaries shall be determined by accurate survey in the field, to an error of closure not to exceed one (1) foot in ten thousand (10,000) feet. The tract boundary shall be subsequently closed and balanced. However, the boundary or boundaries adjoining additional unplotted land of the subdivider (for example, between separately-submitted Final Plan sections) are not required to be based upon field survey and may be calculated. The location of all boundary line (perimeter) monuments shall be indicated, along with a statement of the total area of the property being subdivided. In addition, the surveyor shall certify to the accuracy of the survey, the drawn plan, and the placement of the perimeter monuments.
- 533.3 The following data for all proposed and existing streets:
 - a. the name, proposed name, or number of the street;
 - b. the cartway width of the street;
 - c. the right-of-way width and right-of-way lines of the street;
 - d. locations of all required street and traffic signs.
- 533.4 Block and lot numbers, and a statement of the total number of lots; all lot lines shall be completely dimensioned in feet if straight, and if curved by designating length of arc and radius (in feet) and chord bearing and distance. All internal angles within the lots shall be designated to within the nearest second. The proposed front, side and rear building setback lines, and the proposed placement of each building and driveway shall be shown. The area of each lot shall be noted in both square feet and acres.
- 533.5 Officially established house/building numbers for street addresses as assigned by the Township Engineer.
- 533.6 All easements or rights-of-way and any limitations on such easements or rights-of-way. Rights-of-way shall be shown and accurately identified on the plan, and easements shall either be shown or specifically described on the Plan, including geometric location on the Plan. Easements should be located in cooperation with the appropriate public utilities; the exact location of all utility line installations also shall be shown. The terms of all easements or rights-of-way shall be stated in notes on the Plan.

- 533.7 Such covenants, conditions and deed restrictions as may be imposed upon the grantees, their heirs, executors and assigns, together with a statement of any restrictions previously imposed which may affect the title to the land being subdivided or developed. All such covenants and restrictions shall be summarized in notes on the record plan and shall include, as a minimum, the following:
- a. After their construction, grantees shall repair and be responsible for maintaining all swales and detention ponds. Once established and approved, the extent and grades of all swales and detention ponds shall be maintained in perpetuity. Maintenance shall include, but not be limited to, regular lawn mowing, removal of trash/debris, plus repair of all sinkholes.
 - b. All drainage swales within street rights-of-way and drainage/utility easements shall be maintained in a grassed or otherwise improved condition in accordance with the grades and designs shown on the approved plans. All these easements and roadside drainage swales shall be kept free of all obstructions including but not limited to such obstructions such as fill, temporary or permanent structures, and landscaping materials (other than grass).
 - c. All electric, telephone, and cable TV utility distribution lines shall be installed underground.
- 533.8 A statement of the intended use of all non-residential lots or parcels, with reference to restrictions of any type which exist or will exist as covenants in the deed for the lots or parcels contained in the subdivision, and if covenants are recorded, including the book and page number of the Northampton County Recorder of Deeds.
- 533.9 If the subdivision fronts on a State Route, a note reading as follows shall be placed on the plan. "A highway occupancy permit is required pursuant to Section 420 of the act of June 1, 1945 (P.L. 1242, No 428), known as the "State Highway Law," before driveway or roadway access to a State highway is permitted.
- 533.10 The location of all existing and proposed street monuments, as required by Section 915; a certification of ownership, acknowledgment of plan, and offer of dedication and an acceptance clause for the Board of Supervisors shall be lettered on the plan, duly acknowledged and signed by the owner of the property, and notarized; a certificate for approval of the Plan by the Township Board of Supervisors shall be provided; a certificate for the recommendation for approval by the Township Planning Commission shall be provided; a certificate indicating review of the Plan by the Lehigh Valley Planning Commission shall be provided; space shall be left along the lower edge of the sheet, in order that the Northampton County Recorder of Deeds may acknowledge receipt and recording of the Plan when it is presented; if the Final Plan requires more than one sheet, a key diagram showing the relative location of the several sections shall be drawn on each sheet.

533.11 The final subdivision or land development plan shall contain the following legend:

Prior to the issuance of a building permit or commencement of construction for any individual lot or parcel shown hereon, the applicant shall submit to the Township Engineer for review and approval, three copies of a final grading plan drawn at a scale of 1"=20'. The grading plan shall be sealed by the Professional Engineer or Land Surveyor responsible for the preparation of the plan. The plan shall contain the following information:

- a. Lot lines with bearings and distances, lot area, locations of all existing and proposed lot corner monumentation, and tax parcel identification number for the subject property.
- b. Existing and proposed contour elevations at intervals of 2 feet, including the subject lot, adjoining street(s) and fifty (50) feet beyond the subject property, as approved on the final grading plan. If the average slope of the property is less than 3%, contour elevations at intervals of 1 foot shall be provided.
- c. Spot elevations for the first floor level of any structure, primary on-lot sewage disposal systems (where applicable), finished road elevations at point of entry, and any other area as deemed necessary by the Township Engineer.
- d. North reference, building restriction lines, easements and rights-of-way within or adjacent to the subject property.
- e. Location, size and elevations of all existing or proposed storm drainage structures within or adjacent to the subject property.
- f. All property adjoiners and names of adjoining street(s).
- g. Locations of all percolation test holes and soil probes and the locations and dimensions of primary and secondary on-lot sewage disposal systems, where applicable.
- h. The exact location and dimensions of any proposed structure, appurtenant structure, road or driveway, with tie-in dimensions to property line.
- i. Individual lot soil erosion and sedimentation controls in accordance with the approved subdivision plan or current conservation district standards.
- j. All covenants and conditions from the plan of record, if the subject property is part of an approved and recorded subdivision plan. The easement maintenance covenant from Section 784 shall be incorporated into the grading plan submission.

SWIMMING POOL OR SPA APPLICATION BARRIER SYSTEM ACKNOWLEDGEMENT AND WAIVER OF DAMAGES

- A. Please indicate the style of barrier system to be used with the proposed pool.
- The fence or barrier system will completely surround the pool on all four sides. Check this box and go to B.
 - A wall of the dwelling will serve as a part of the barrier system. I will be installing the necessary UL 2017 listed window and door alarms and will be including the necessary specification sheet with the permit submittal. I understand that this equipment must be installed and operational for the required final inspection.
- B. I, (we) acknowledge that I have read and understand the 2015 International Swimming Pool and Spa Code. I, (we) the owner of record, shall maintain all safety standards associated with this pool to include any and all fences, barriers, locking covers, audible alarms, locking doors, gates and the like, as required by recognized codes, standards, and the Use and Occupancy Certification; and hereby hold Lower Nazareth Township and their agents harmless for any and all damages or responsibilities that may occur as a result of or associated with this pool.

We agree that we **will not** fill the pool/hot tub with more than 24" of water until the proper barriers have been installed for the pool/hot tub **and** it has been inspected by Lower Nazareth Township's third party inspection agency. Furthermore, we agree that we will not use the pool/hot tub until final inspections have been received.
